

## CCFA/WA Provider RE-Enrollment 2005

As a Comprehensive Child and Family Assessment (CCFA) provider, it is time for us to review all providers who have received approval from the Department of Human Resources (DHR) to complete assessments and provide Wrap-Around (WA) services. The re-enrollment process is necessary to ensure that all providers meet the same standards in assessing and serving our children.

You have thirty days (30) from the date on your re-enrollment memo to complete and send in your application and all required attachments. Your re-enrollment application must include the appropriate samples of your work for all services you have been providing, including family assessments, wrap-around services and adolescent assessments. The State Provider Review Committee will review the re-enrollment application. All providers successfully completing re-enrollment will receive a new approval letter to continue providing comprehensive assessment and wrap-around services with all approved staff for a period of two years. Providers who do not successfully complete re-enrollment will be notified and their contracts terminated.

We appreciate your work with the children and families entrusted to our care. We look forward to our continued work together. Please use the link below to access the re-enrollment application. If you have questions or concerns regarding this process, you may contact Leslie Cofield at [lbcofield@dhr.state.ga.us](mailto:lbcofield@dhr.state.ga.us).
